

Take Back Your Backyard! Enjoy Family BBQs and More Free Time No More Scooping Dog Poop. Guaranteed Pooper Scooper Service

PEORIA, AZ

All dog owners have one thing in common - they LOVE their "babies"! They may not always appreciate their actions, like when their favorite couch or sprinkler system became a chew toy. But, through "thick-and-thin", forgiveness always wins. Another thing in common is that their **dogs produce poop** - yes, and lots of it, up to 50 pounds a month! **Poop-duty is a household task that just can't and won't go away.**

Dog owners often complain about the responsibility of cleaning up after their dogs - often causing arguments in the home about who is supposed to scoop. Parents get angry at their kids for not picking it up or doing a poor job, or spouses argue with each other over who did it last. Fingers get pointed, feelings get hurt and the poop grudgingly gets scooped or just **left to stink for yet another day, week, month or year.**

For other dog owners, they're just too busy, the smell is too much, triggering their gag reflex, or their aching back refuses to allow them to do the "dirty job". Needless to say, the job of scooping the family's puppy poop gets put off. **The longer the poop sits, the more it builds-up and stinks.** Visits to the backyard "mine field" are dreaded by everyone, backyard BBQ's and get-togethers with friends and family get cancelled, and what was once a yard they enjoyed, has become the place no one wants to go.

It doesn't have to be this way!

As the founder of Arrowhead Pooper Scoopers, I heard so many of these familiar stories that I decided to offer a real solution - **a professional dog waste clean-up service!**

MORE CLIENT'S COMMENTS:

"Beyond impressed! During the initial clean-up evaluation, I didn't realize how much was there and that it was in tiny pieces from the rain. I knew that it would be hard to clean up (my whole yard is rock) all the little pieces and accepted there may be some left behind. Edward far surpassed my expectations! I am so thrilled at how much he was able to clean up! If you are on the fence about it; this service is worth every penny! Thank you for all the hard work today!"

-Kimberly Rowland

"I have 5 dogs all large breed. And I let my poop situation get a little bit out of control. I called and set up the appointment and they were out the next day. The owner came to my house and scooped himself (leading from the front) always a great quality. And he stayed till about 6 o'clock Friday night. Great service, I will be telling everyone I know. Thanks again."

-Andrew Williams

"The best decision I've ever made. I have eight dogs at my house and I just don't have the time to do this. Too many dogs to keep up with. Service is excellent and the service very friendly. My yard smells and looks much better. Not embarrassed to have people over now. Thank you so much. I definitely will refer you to many."

-Sherrie Griffith

"Wow! I called to get some information and set up an appointment to have my sister's yard cleaned

up...less than 2 hours later Mitchell had already been and gone! Thank you Edward and Mitchell--I look forward to continue working with you and will definitely spread the word!" **-LaRessa Vaughn**

"Such a great service. Edward seems to really enjoy his work. He was upfront and honest, which I greatly appreciated. My husband is away a lot, I work full-time, I am a student at ASU, and I have a two-and-a-half-year-old. I hate to say it, but I have zero time to scoop poop. Edward is a life savior and my two boys (a 90-pound boxer/Dane mix and a 20-pound yorkie/Maltese mix) thank him. My daughter also loves having a clean, disinfected, deodorized yard to play in!" **-Casey Derochers**

"Five stars all the way! My yard looks amazing after every visit. Pricing is very reasonable as well. Thank you for your great service!"
